

# MAGUSTA GAME

*Motto: "I will love you later, I have to go to the work"*

A game about YOU.

## The White Paper

You have a job. You have a wife. You have some dreams. Your future looks great. You are trying harder to reach it. On a day, your family will be happy.

It's not easy. But all looks good. All systems normal. Each day as a step forward to your great future. Today is a such a day. Nothing special.

But something went wrong.  
Terrible wrong.  
There is a clock around you. A clock you never see.

So what? All looks good. All systems normal.
